

Transatlantic Mining Corp. NI -43-101 and Preliminary Economic Assessment Review

TCO NEWS RELEASE-VANCOUVER, B.C., April 20th, 2017 – **Transatlantic Mining Corp.** (the “Company”) (TCO:TSX.V) As a result of a review by the British Columbia Securities Commission, we are issuing the following news release to clarify our disclosure. The review and disclosure is based on the NI 43-101 and PEA report titled “The Mineral Resource and Preliminary Economic Assessment at the US Grant Mine Property, Virginia City, Madison County, Montana, USA dated 9 December 2016.

The current technical report as stated is not compliant with the requirements of NI 43-101 and that investors should not rely on the results of the preliminary economic assessment until a compliant report is filed. The Company and the Qualified Person are currently addressing the disclosure concerns with respect to Historical Estimates, Exploration Targets, Project Infrastructure Economic Analyses and Recommendations with an updated response and report to be issued shortly.

About Transatlantic Mining Corp.

Transatlantic Mining (**TSX-V: TCO**) is an emerging precious and base metal explorer, developer and producer. The Company has a focus on high-grade mining, in stable mining jurisdictions. The Company is engaged in controlling and owning mineral properties interests, such as an 80% earn-in option on the **Monitor Copper-Gold** project in Idaho (USA).

In January 2016, the Company entered a lease/purchase option agreement on 100% of the **US Grant Gold-Silver Mine & Mill** complex in Montana (USA) which has developed a concentrate within 12 months. A proven management team, led by Chief Executive Officer **Bernie Sostak** seek to enhance shareholder value through expert exploration/development and expansion of its existing assets, together with selective and future earning accretive acquisitions.
